

AUSFLEET
CIVIL & MINING

WHO WE ARE

Ausfleet Civil & Mining is a specialist supplier of mobile plant operators, blue and white-collar personnel and mobile plant hire for all earthworks in the civil and mining sectors.

We are highly regarded throughout Western Australia for the reliability and skill of our operators, the quality of our machines and our commitment to a positive client experience.

Our Story

Ausfleet was founded in 2018 by brothers Nathan and Andreas, who have over 30+ years of combined industry experience. With a priority on safety, environmental consciousness and timely project completion, Ausfleet continues to deliver high-quality outcomes.

Environmental Sustainability

Ausfleet is committed to the sustainability of all operations and minimising environmental impact. We have a high regard for Aboriginal heritage and the land, and we aim to protect and preserve sacred heritage sites on our projects.

Community Employment

Ausfleet is proud to support members of the local Indigenous communities which surround our work sites by offering employment and training opportunities.

Customer Commitment

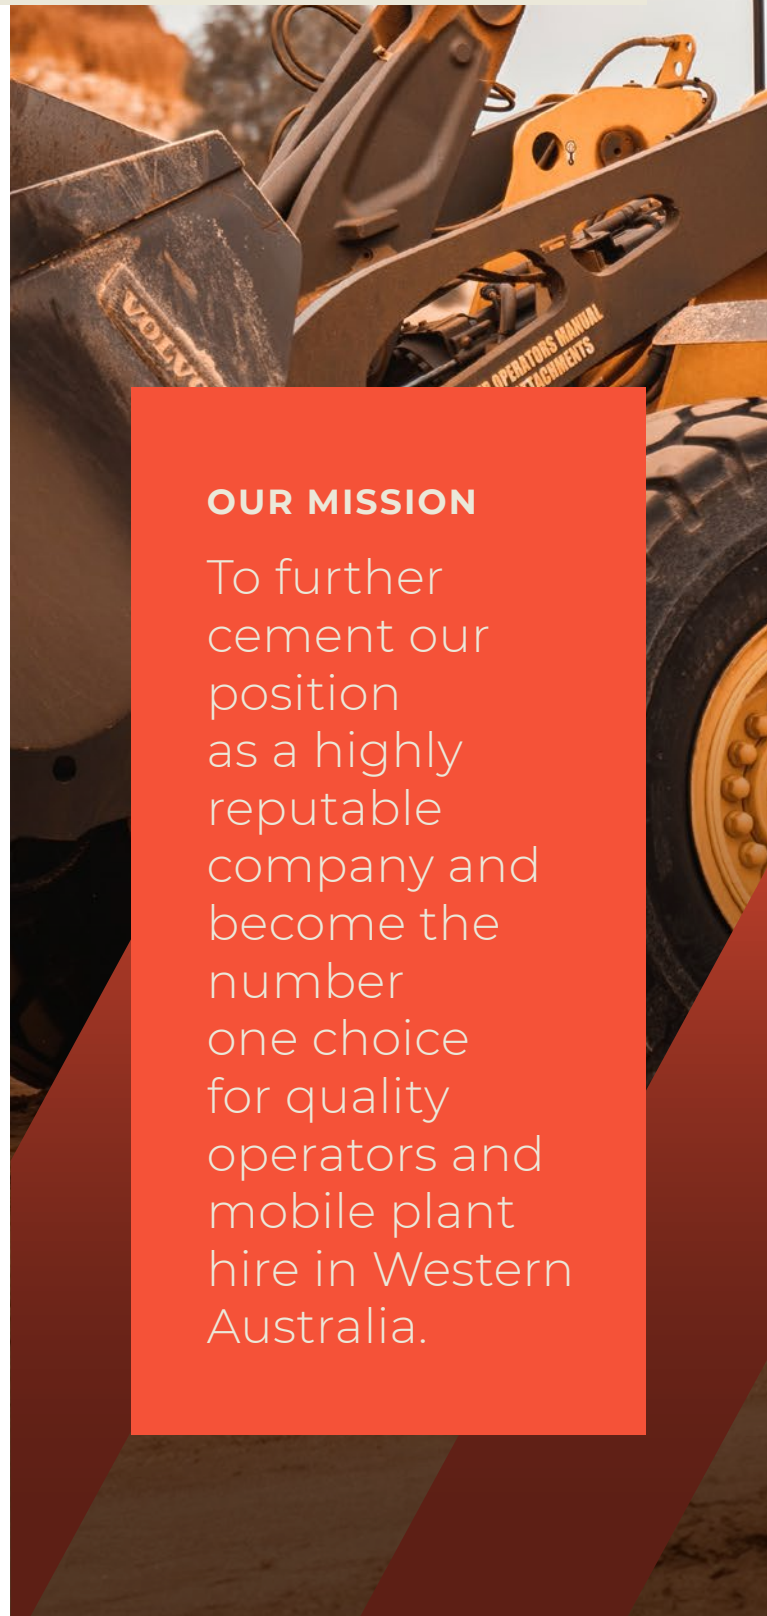

At Ausfleet, customer satisfaction is paramount. We pride ourselves on our responsiveness, professionalism and dedication to exceeding expectations.

Our Values

- Integrity
- Communication
- Customer service excellence
- The wellbeing of our team, community and environment.

OUR MISSION

To further cement our position as a highly reputable company and become the number one choice for quality operators and mobile plant hire in Western Australia.

WHAT WE DO

Ausfleet delivers contract works and provides skilled mobile plant operators, supervision personnel, civil labourers and mobile plant hire.

With a team of 45 dedicated employees, each operator meets stringent quality standards and undergoes specialised training.

Equipment

Our quality, modern CAT fleet includes:

GRADERS WITH GPS

DOZERS WITH GPS

EXCAVATORS WITH GPS

LOADERS

WATERCARTS

ARTICULATED DUMP TRUCKS

Staff Training & Licences

Our personnel/candidates are qualified, trained, licenced and certified for their designated roles. Every operator completes a full onsite induction for each project or site.

Compliance & Safety

We adhere to all site regulations, prioritise OH&S compliance and carry \$20 million public liability and WorkCover insurance. All machinery is also fully insured. Each team member undergoes rigorous induction, safety training and medical examinations.

Geographic Area of Operation

We proudly serve clients throughout Western Australia, from the Pilbara to the Kimberley, the Goldfields and beyond.

THE WINNING COMBINATION OF THE RIGHT PEOPLE AND MACHINERY
