WANGARRI

CRANE + EQUIPMENT HIRE

CAPABILITY STATEMENT

WHO WE ARE

Wangarri Crane and Equipment Hire is an Aboriginal business owned by Murujuga Commercial Limited and the renowned, family-owned Crane and lifting equipment hire business, Boddingtons Hire.

We provide lifting solutions to all sectors of Australian industry. Specialising in dry hire, we pride ourselves on being able to provide a quality service that meets our clients' needs at a competitive price.

Wangarri means "Coming to Life", which represents the commercial journey of the owners.

In forming Wangarri Crane and Equipment Hire, we bring to life the first of MCL's ventures into the competitive world of providing services to the Pilbara economy. We do this with a view to growing a viable business which maximises benefits for all our stakeholders.

OUR MISSION

We exist to provide Crane and Equipment hire services to the highest standards, founded on enduring Aboriginal culture and heritage, whilst maximising value to stakeholders for today and the future.

OUR PEOPLE

Our staff are the backbone of our business, experienced in all technical aspects of our machinery. Our reputation for unparalleled customer service is something we are very proud of and strive to afford to every one of our clients.

DRY HIRE

At Wangarri Crane and Equipment Hire we pride ourselves on only offering the best quality equipment from the world's leading manufacturers. We are fastidious with our maintenance, ensuring our equipment is always in top condition. We aim to improve the safety and productivity of our equipment through modifications not previously considered by our manufacturers or competitors. All this combined with our commitment to provide unparalleled customer service means when you hire from Wangarri, you can rest assured you have the best equipment backed up by the best service to allow you to get on with your job.

OUR PRODUCTS

CRANES

Our rough terrain cranes range in capacities of 12 – 145 tons, all are the trusted Tadano brand and come with full mine specification and include our unique improvements. Our crane fleet also includes an extensive fleet of Franna cranes and a 90t Kobelco crawler crane.

FORKLIFT TRUCKS

Our heavy duty fork lift trucks are the reliable Hyster and SMV models. We have a range of lifting capacities from 16 – 32 tons. These machines are well utilised on site, modifications we make include our unique tropical roof's that greatly keep out the heat of our hot climate, weight scales, and we run all grease lines to ground level for easy and safe maintenance. Telehandlers are also available.

REACH STACKERS

Our SMV and Kalmar reach stackers are impressive machines. They are designed to easily carry 20- or 40-foot sea containers up to 45 tons. We also have a hook attachment available that can replace the container handler and give the machine a whopping 60 tons pick and carry capability.

OUR CLIENTS

Our shareholder's clients have included some of Australia's biggest mining and tier one construction companies. Big or small we can find a solution for your next project.

We also hire extensively to established crane and equipment hire companies. Our dry hire model allows these clients to supplement their own fleet quickly and simply without the burden of large capital commitments.
